

Peterborough's Trams

OUTSIDE THE TRAM DEPOT, NOW THE STAGECOACH BUS DEPOT

Thursday March 7th at 7pm

An illustrated talk about Peterborough's electric tram network, which ran from 1903 to 1930, a direct ancestor of today's Stagecoach buses.

Trams ran to Walton, Dogsthorpe and Newark - we will tour the routes through photographs, seeing how Peterborough looked in the early part of the last century.

How did the trams work? How much were the staff paid? What came before and after the trams? Come and hear the answers on March 7th.

Venue: St Luke's Church, Mayors Walk, Peterborough PE3 6EZ

Talk is by RCTS member Brendan Fox. Limited parking at rear of church.

£2.50 towards room hire, includes tea / coffee.

All are welcome. Enquiries: brendan@pbt.org.uk
